From: Phillip Yelder, Director

Subject: November 2012 Narrative for the Construction Workforce Reports

Construction Workforce Action Update:

The Construction Workforce ordinance applies to all construction contracts the City entered into after September 1, 2007 that will require more than 800 construction labor hours and with an estimated cost that exceeds $324,000. In addition, on December 15, 2009 the Statutory Agencies adopted the City's construction workforce reporting as embodied in Ordinance No. 070504.

The established Company Wide goals for minority and female workers are 10 percent and 2 percent respectively. The hours for the month of November 2012 are depicted in the titled November 2012 Detail Report. This report consists of the KCMO City projects followed by the Statutory Agencies' reports. Workforce hour totals for the month of November 2012 are as follows:

	Total	Minority	%	Female	%	KCMO	%
Companywide prime	192,557	23,251	12.07	7,538	3.91	21,502	11.17
Companywide Subcontractor	331,164	41,513	12.54	6,851	2.07	40,606	12.26

First Source Report

The First Source Hiring Report now includes the number of female and male workers, broken down by trade. There was 12 new applicants were added bringing the total number of applicants to 547. There were two requests for FSHP workers this month both from Mega Industries. Both were for laborers, but due to slow receipts of notice to proceeds on new work and overall weather condition, the interviews have been put on hold. The FSHP's full report is attached.

Workforce Report

November 2012 Craft Total

Each month, contractors and their subs are required to submit at least two workforce reports: companywide prime or companywide subcontractor report and a project specific monthly workforce report. The contractor's companywide data for construction project combines their work across the Metropolitan Statistical Area. Their subcontractors do as well. HRD compiles this data in a number of ways.

In this report, you will find four attached sheets. The sheets are a tabulation of every report submitted for the month of November. Going down the left hand column is a breakdown of scopes of work by both craft and skill level. The rows across the top break the workers down by gender and ethnicity. The very last column tabulates KCMO residents.

At the bottom of each page, you will find the total numbers for each of the genders and ethnicities. It is from here that we gather the data used in the Director's Narrative and repeated below for your convenience.

	Total	Minority	%	Female	%	KCMO	%
Companywide prime	192,557	23,251	12.07	7,538	3.91	21,502	11.17

November 2012
Construction Workforce Companywide &
Project specific detail reports

Report explanation:

Each month, contractors and their subs are required to submit two individual reports. A project specific report and a companywide report. The companywide report contains data for all worked performed on any construction projects across the Metropolitan Statistical Area. This information is then submitted to HRD, who compiles the data in a number of ways.

In this report you will find the detailed breakdown of workforce numbers generated by the contractors. Each page is double sided. The front page gives the project information as well as a tabulation of total hours, minority hours, female hours and KCMO resident hours. Contractors are required to maintain a level of 10% minority and 2% female companywide hours throughout the lifetime of their projects. The back of each page is the same report, but further broken down into specific ethnicities and genders. Every report listed is available in even further detail through our online B2GNow system which is where the contractors submit each month's reports.

Because the workforce goals for contractors are for the lifetime of the project, a contractor's minority workforce November fall below the recommended goals, with the intent of meeting those goals prior to the contract expiration. HRD continually monitors the situation and if this becomes a consistent pattern, contractors will be asked to clarify what steps they are taking to either meet the workforce goals or show good faith efforts as to why those goals were unobtainable.

November analysis:

In November, there were 38 prime contractors to report companywide hours. Two of them did not report. Those firms were Amino Brothers Company and Burns & McDonnell. Primes and subcontractors continually struggle to meet the 10% minimum threshold for minority workers and 2% for females.

18 primes fell below the 10% minimum threshold for minority workers. 6 subcontractors fell below the 10% minimum threshold for minority workers. 24 primes fell below the 2% minimum threshold for female workers. 16 subcontractors fell below the 2% minimum threshold for female workers. The remaining contractors exhibited some compliance but not what is required under the ordinance. Communication and training is consistently exchanged between the workforce staff, with request for documentation of any staffing changes that may occur.

The total contract dollar value of the projects monitored through the city is over $303 million.

CONSTRUCTION WORKFORCE STATUTORY AGENCY DETAIL REPORT

Report explanation:

Statutory agencies are the quasi-governmental organizations that provide tax abatement or other assistance through the construction project. As of December 2009, HRD monitors the workforce component of projects originating from these agencies. HRD is currently monitoring projects from TIF, LCRA and PIEA.

Each month, contractors and their subs are required to submit their project specific numbers and a companywide report. The majority of the developers are submitting their numbers through the B2GNow on-line system however, Hunt Midwest continues to submit their reports via email, as their project's started before the inception of the program and were not grandfathered in. Many of their projects are close to completion and Hunt Midwest has been notified that future projects will be monitored through the B2GNow system. The reporting consist of at least four workforce reports: companywide prime, companywide subcontractor, project specific prime and project specific subcontractor. The contractors turn in a report on their companywide data for construction projects across the Metropolitan Statistical Area. Their subcontractors do as well

In this report you will find the detailed breakdown of workforce numbers generated by the contractors. Contractors are required to maintain a level of 10% minority and 2% female companywide hours throughout the lifetime of their projects. Because the workforce goals for contractors are for the lifetime of the project, a contractor's minority workforce November fall below the recommended goals, with the intent of meeting those goals prior to the contract expiration

November analysis:

In November, there were 8 individual developers reporting workforce data. Camron Place began reporting on line during the month of November. The Pendergast Project is currently in the bidding process. Developers for the Briarcliff Mariott project and the Metro Plaza Shopping Center have both, completed their projects, but there are a few checklist items to which both are still reporting. The project and companywide numbers can both be found on a separate tab in the Detail Report.

2 primes fell below the 10% minimum threshold for minority workers. 2 subcontractors fell below the 10% minimum threshold for minority workers. 3 primes fell below the 2% minimum threshold for female workers. 6 subcontractors fell below the 2% minimum threshold for female workers.

The total contract dollar value of for the projects monitored is $379,252,271.00.

Workforce Report

November 2012

Cumulative Workforce Monthly Report

Report explanation:

In this report you will find the cumulative totals of all the contractor reports for companywide and project specific numbers. The top section is a tally of the corresponding entry for every previous month. It's usually a one year running total. The lower sections show the most recent month or two months worth of data. The electronic version has every month's totals available on it but, due to paper considerations, only the document's first page is prepared in the printed version. The full document is available upon request.

November's Report:

In the section titled November 2012, you will find the same numbers as were generated for the November Craft report. The top sections are those corresponding numbers from November 2011 through November 2012. In total there have been approximately 6.8 million companywide hours and 3.4 million project specific hours reported over the previous year. For the month of November approximately 85.31% of the work was done by Caucasian males, 12.37% performed by minorities, and 2.75 % by female. In conclusion, the overall contractor's performed 2.37% above their workforce goals for minorities and .75% above goals for females. KCMO resident hours consisted of 9.12% of hours reported across the Metropolitan Statistical Area.

Monthly Narrative

In the last thirty days The Full Employment Council has continued its efforts in recruiting for the Kansas City Missouri First Source Program and its accessibility for accepting applications daily. FEC received communications from two Contractor's during the month of November 2012. Mega Industries need for 2 – 4 Finisher/Laborers and JE Dunn no openings.

In the month of November, the Full Employment Council identified and received **12** applications from individuals seeking employment in the construction trades. The categories are as follows; (**12**) Laborers. The previous count of **535**, new applicants recruited and completing applications for employment in construction for the month of October is **547**.

All customers are able to utilize the Career Center for workshops such as: Basic Computer, Resume Preparation, Interview Process, and National Career Readiness. In addition customers are able to receive one on one career guidance assistance.

On November 19, 2012 the City of Kansas City Missouri held a Pre-Bid Conference at the Full Employment Council's offices located at 1740 Paseo Blvd, Kansas City, Missouri 64108. The purpose of the Pre-Bid Conference was to answer questions regarding the City's RFP-Demolition for Green Impact Zone and to introduce the City's pilot First Source Hiring Program Bid Incentive in conjunction with this Bid. Fourteen (14) Small Local Business Enterprise representatives were in attendance.
