

smartsewer INFRASTRUCTURE UPDATE

INFLOW & INFILTRATION (I/I) REDUCTION: LINE CREEK/ROCK CREEK AREAS 1 & 2

CONSTRUCTION CREWS AT WORK: SEPTEMBER 2017 – DECEMBER 2018

The Line Creek/Rock Creek Areas 1 & 2 Inflow and Infiltration (I/I) Reduction Project will restore 29,460 linear feet of aging sewer main, 581 manholes and 110 service laterals. When complete, the collection system in your neighborhood will be restored to like-new conditions, with a life expectancy of up to 80 years of service. This project helps protect our community's environment by reducing the amount of stormwater entering our sewer system, which will lessen the frequency of sewer overflows and basement backups in the area.

PROJECT AREA

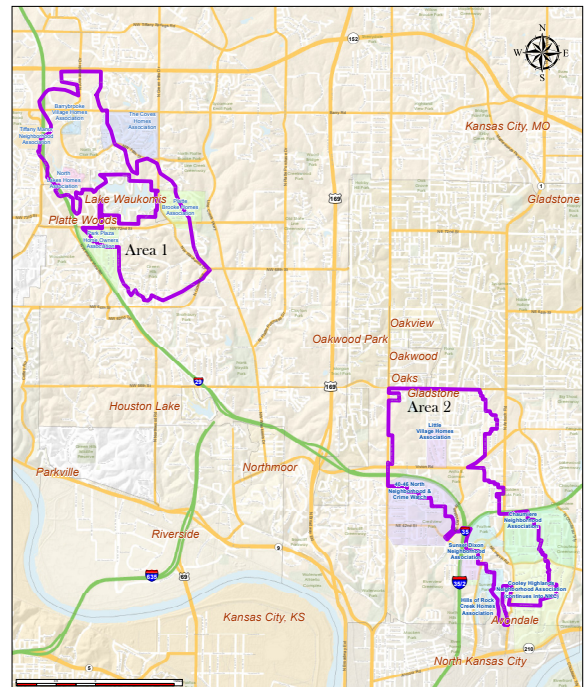

YOUR NEIGHBORHOOD IS IN THE LINE CREEK/
ROCK CREEK BASIN. THE BOUNDARIES ARE:

AREA 1

- NORTH: MO-152 Hwy
- SOUTH: N.W. 64th Terr.
- EAST: N. Gower Ave.
- WEST: I-29

AREA 2

- NORTH: N.E. Englewood Rd.
- SOUTH: N.E. Walnut Rd.
- EAST: N. Monroe Ave.
- WEST: N. Oak Trfy.

INFLOW & INFILTRATION (I/I) REDUCTION: LINE CREEK/ROCK CREEK AREAS 1 & 2

WHAT'S BEING DONE?

Rehabilitation of sewer lines to:

- Restore 29,460 linear feet of aging sewer main, 581 manholes and 110 service laterals
- Repair deteriorating sewers to like-new condition
- Reduce the risk and frequency of sewer overflows
- Reduce the amount of excess water getting into the sewer system
- Meet regulatory requirements of Kansas City's federally mandated Consent Decree

WHAT'S THE TIMELINE?

Construction will be ongoing from September 2017 through December 2018.

WHAT CAN YOU EXPECT?

We appreciate your patience and support as we work to complete this important community project. When possible, residents will be notified in advance of when disruptions will occur, which may include:

- Temporary street closures
- Temporary sewer service disruptions

WHO'S DOING THE WORK?

The City of Kansas City, Missouri will be assisted by Taliaferro & Browne, Kissick Construction, Carollo Engineers and CH2M Hill Engineers.

WHAT'S THE CONTRACT AMOUNT?

Construction and design professional services have been approved by the Kansas City Council and contracted in the amount of \$9,600,000. The EPA requires the City to complete this project by December 31, 2023.

WHAT'S THE CONSENT DECREE?

In 2010, the City of Kansas City, Missouri entered into a Consent Decree with the United States Environmental Protection Agency to reduce the volume and frequency of overflows from the City's sewer system. Kansas City's Smart Sewer program is a 25-year plan to address this challenge. The Line Creek/Rock Creek Areas 1 & 2 Inflow and Infiltration (I/I) Reduction Project is one piece of the Smart Sewer program and is required by the Consent Decree to be completed by December 31, 2023.
