Chair
Special Committee on Housing Policy

What is the HOME-ARP Allocation Plan?

The HOME-ARP Plan will provide an additional **\$8,397,188** in funding from the Housing and Urban Development Department.

This program provides funding for cities that can be used to supplement other annual HUD funds.

What is eligible to be funded?

- Non-congregate Shelter (HOME-ARP NCS)
 - Affordable Rental Housing (HOME-ARP Rental Housing)
 - Tenant-Based Rental Assistance (HOME-ARP TBRA)
 - Supportive Services (HOME-ARP Supportive Services)
- 

WHAT DOES KANSAS CITY WANT TO FUND?

Kansas City has requested HOME ARP funding to provide homeless services and non-congregate shelter to vulnerable households and families in Kansas City

Proposed Uses of HOME-ARP

Non-Congregate Housing = \$4,797,892

Supportive Services = \$1,500,000

Nonprofit Operating & Capacity Building = \$839,718

Administration = \$1,259,578

All proposed uses require request for proposals that are competitively bid

What is a non-congregate shelter?

NON-CONGREGATE SHELTER is a shelter that provides single rooms for individuals and families, rather than one common space.

Why is non-congregate shelter needed?

To connect households to supportive services that lead to better housing outcomes, and

To address racial and ethnic disparities in the population experiencing homelessness.

Everyone needs a place to feel safe

Positive economic impact of non-congregate shelter

Currently, there are at least:

1,566 individuals experiencing homelessness in Kansas City,

711 unsheltered individuals

386 living in emergency shelters

469 individuals living in transitional housing

For every unhoused person, it costs taxpayers approximately \$35,000

Based on the number of individuals experiencing homelessness and the cost of providing services to this population, expanding the number of beds available in Kansas City will have a positive economic impact.
