The Ivanhoe Gateway project began in 2007 with a plan. Since then the Ivanhoe Neighborhood Council completed three duplexes, 12 units of one-story cottages for seniors; and four more units are currently under construction. This proposal includes the Phase IV at 3800 Garfield and builds upon Ivanhoe Neighborhood Council's existing momentum in the neighborhood. **Project Description** Proposer intends to construct eight (8) high quality one-story cottages that are attached in groups of four. Each cottage will have two bedrooms, living room, dining room, kitchen, bathroom and laundry. The senior cottages will aide in the stabilization of two vulnerable populations which are seniors and low-income families.

Project Outcomes Creates additional production of affordable housing in the core city for elderly and low income households.
