**INSTRUCTIONS FOR COMPLETING SCHEDULES C, Y, Z**

**THIS FORM MUST BE SUBMITTED WITH FORM RD-108 EVEN IF THERE IS A LOSS**

**1. Schedule C -- Profit (or Loss) from Business or Profession**

From total net profits, deduct profits exempted, excluded, or not earned. The remainder shall be deemed "Net Profits Earned". Exemptions and exclusions are cited in 92.220 RSMo and Section 68-385 of the Municipal Ordinances of the City of Kansas City, MO.

**Common Examples of Income not Earned:** capital gains, interest (excluding financial institutions), dividends (excluding financial institutions) and partnerships (KCMO sourced income should be reported on Line 5 on Form RD-108). **The nature of the company's business operations determines whether or not income is earned.** The Commissioner of Revenue upon review can determine if income is considered earned or unearned for City tax purposes.

**Common Examples of Nondeductible Expenses:** capital losses, IRS §179 expense deducted above corporate limitations, qualified retirement/health insurance/life insurance plans paid on behalf of owner(s) of non C-corporation business, expenses incurred from the generation of unearned income, Domestic Production Activities Deduction, federal/state/local income taxes and net operating losses.

Each corporation must file a return. **Per Section 1.387(a)(3)(A) of the Earnings and Profits Tax Regulations, consolidated returns will not be accepted.** A net loss may not be carried forward or back to another year. A net loss may not be deducted against salaries, wages, or other compensation earned.

Proprietorships, partnerships, and corporations should submit a Balance Sheet and a reconciliation of federal taxable income to city taxable income.

**2. Schedule Y--Business Allocation Formula**

The business allocation formula is to be used only by:

1. Corporations;
2. Nonresident individuals who derive profits from any unincorporated business, partnership, or association provided that the business activity consists of conducting business or performing services **both** within and outside the city.

In determining the allocation percentage (Line 26), add the percentage determined and shown on Lines 22, 23, and 24 or the percentages applicable to your business and divide the total by the number of percentages used (calculate to seven digits). A percentage shall not be excluded from the computation merely because the factor is found to be allocable entirely outside the city. A factor and its resulting "0" percentage is excludable only when it does not exist anywhere.

**3. Schedule Z--K1 Source Income for Partnerships, Limited Liability Companies, or Fiduciaries**

Each pass-through entity listed above must file a separate Form RD-108 and Form RD-108B. Schedules C & Z must be completed on Form RD-108B, and whenever one or more of the K-1 recipients are nonresidents, Schedule Y must be completed. The K-1 recipients will determine their portion of the taxable distribution as follows:

**Resident K-1 Recipients** -- Resident K-1 recipients will determine the taxable share of the pass-through entity's net profits by multiplying Line 20 (Schedule C) by the K-1 recipient's distributive percentage as shown in Column 2 (Distributive Percentage) and enter the amount as the taxable distributive share in Column 5 (Taxable Distributive Shares Amount). Guaranteed payments received by the recipient will need to be included with the Taxable Distributive Shares Amount and the total entered in Column 5.

**Nonresident K-1 Recipients** -- Nonresident K-1 recipients will determine the taxable share of the pass-through entity's net profits by multiplying Line 27 (Schedule Y) plus guaranteed payments received by the K-1 recipient's distributive percentage as shown in Column 2 (Distributive Percentage) and enter the taxable distributive share in Column 5 (Taxable Distributive Shares Amount).

**Guaranteed Payments** -- If the guaranteed payments paid by the pass-through entity were not deducted as an expense on Schedule C or are reflected in the net profit value; do not add the amounts to each K-1 recipient's Taxable Distributive Shares Amount.

**Payment** -- Any pass-through entity may remit payment with the return on the total taxable distributive shares as shown in Schedule Z, and must attach a summary of all recipient information or copies of K-1s.

**Partnerships and other flow-through entities (excluding S-corp) have two different filing options.**

**Option 1:** The partnership or flow-through entity **may** file an information return. An informational return **must** report zero taxable income on Line 4 on Form RD-108 and must complete Form RD-108B to determine the company's net profit derived from Kansas City, Missouri and each partner's taxable distributive share. Each partner is then required to file a Profits Return - Earnings Tax (Form RD-108) reporting and paying the tax due based on the taxable distribution received from the partnership or flow-through entity.

**Option 2:** The partnership or flow-through entity **may** pay the taxes due on behalf of all their partners. This option does not require the partners to file a Profits Return - Earnings Tax (Form RD-108). The partnership and other flow-through entities must compute the taxable earnings (Line 4, Form RD-108) by adding together all of the partners' Taxable Distributive Shares Amount, per Schedule Z.

**File completed Form RD-108B with your completed Form RD-108 on or before the due date.**  
**City of Kansas City, Missouri, Revenue Division, PO Box 843322 Kansas City, MO 64184-3322**
